

INTERNET SAFETY TIPS FOR PARENTS

1 Don't block all access to technology. Help your child learn to use tech **safely** and **positively**.

2 Take an **interest** in your child's favourite apps or sites. Co-view or co-create at times.

3 Be the parent. You're in charge. Set **boundaries** and consider using filtering software.

4 Create a family media **agreement** with tech free zones such as cars, bedrooms, and meals.

5 Teach your child what **personal information** they should not reveal online (YAPPY acronym).

6 Help your child learn to **filter** information online and navigate fact from fiction.

7 Navigate digital **dilemmas** with your child. Avoid using devices as rewards or punishments.

8 **Balance** green time and screen time at home. Focus on basic developmental needs.

9 Don't support your child to sign up for sites with **age restrictions** (e.g. 13+) if they're underage.

10 **Learn more:** Explore reliable resources for parents so you can educate yourself.
