

# JESUS AND HIS FRIENDS TAKE A BOAT RIDE

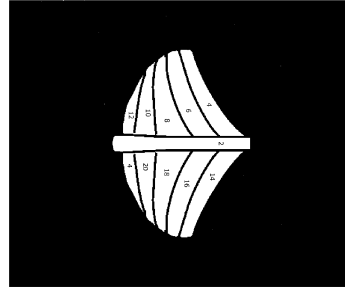

*(On the Sea of Galilee)* — Jesus and his friends, the twelve disciples, were getting tired. They had been working hard, teaching and healing people. Sometimes they worked so long and hard, they didn't even have time to stop to eat lunch or supper. Soon they knew they would need a short vacation, just to get some rest.

Jesus told his friends, "Let's get in a boat and sail across the Sea of Galilee to a quiet, lonely place. We can rest there without anybody around us. Then we can return to our work."

It was a good plan. The disciples were happy for the chance to take a boat ride with Jesus. Along the way they talked about many things. But when they came to the other side of the lake they were amazed. There was a crowd of people there, waiting for Jesus to help them!
